## project diorama

A TILIARTS VENTURE, THE DIORAMA PROJECT seeks to engage everyday passersby with unexpected collisions of art, design and performance. Housed within the interior corridor of THE HISTORIC ALFRED I DUPONT BUILDING in downtown Miami, each of three Dioramas are programmed on a quarterly basis. Selected projects receive an honorarium, rent-free exhibition space in the heart of Miami's Central Business District and are, in turn, asked to "leave a piece behind" as part of the TILIARTS Permanent Collection.

### SUBMISSION CRITERIA

Artists, Gallery Owners and Curators are encouraged to provide submissions in digital presentation format to include an Artist CV, description of & an Artist's Statement about the Proposed Diorama, a description of proposed construction methods, conceptual renderings and any special considerations.

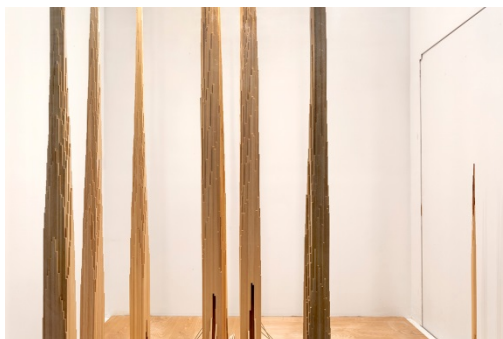

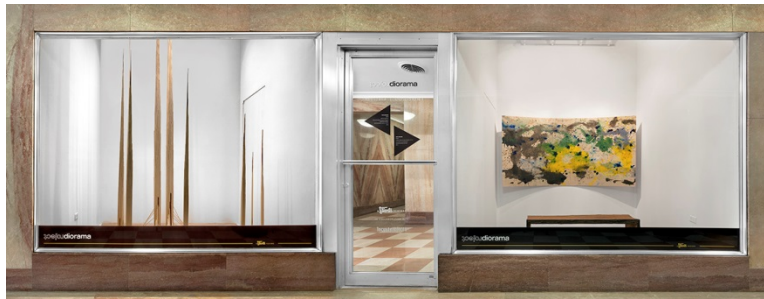

Submissions should be sent via eMail to: [submissions@tiliarts.org](mailto:submissions@tiliarts.org)
